WEF Founder's Son 'Singing Like a Bird' To Prosecutors in Crimes Against Humanity Case?

The globalist elite have made the last three years hell for the majority but we have held strong, maintained our dignity, and exposed their lies, one by one. Our abusers have been backed into a corner and they are being forced to admit to the lies they've spun. They want us to forgive and forget.

But we the people, not to mention insiders like Pascal Najadi, are not going to let that happen. There is simply too much riding on it.

Najadi is making waves. When Berset, the former health minister who promoted the jabs, was elected president of the Swiss Confederation, he had no idea that he would be kicked out with his career over.

The elections last week saw the Greens sink almost without trace and the party that supports the people, supports the return of Swiss neutrality and opposes wokeism and filling the countries with refugees came out on top of the poll.

Thanks Belyi, for that good news, so well done the Swiss people!! I do hope they have real power unlike the UK parliament?
